

REMARKS

The response supplements the amendments set forth in Applicants' Amendment and Reply under 37 C.F.R. § 1.116 filed on April 11, 2008. Claims 1-2, 4-6, and 9-19 remain pending in the application.

Reconsideration of the present application is respectfully requested in view of the foregoing amendments and the remarks which follow.

Response to Remarks in Advisory Action

In the Advisory Action dated May 13, 2008, the PTO has stated that "[i]t is apparent that Applicant does not teach that the tracks must consist of physical tracks, only two curved tracks" and that "Applicant does not 'claim any physical aspects of the track.'" Applicants respectfully disagree with these and the PTO's other contentions in the Advisory Action. The term track itself refers to physical structure. As an example, Applicants note that a train track does not simply refer to the line of motion of the train, it refers to the physical structure which guides the line of motion of the train.

CONCLUSION

Applicants believe that the present application is now in condition for allowance. Favorable reconsideration of the application as amended is respectfully requested.

The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.
